## DT/Art:

What is the Globe Theatre?

The Globe Theatre was built between 1597 and 1599 in Southwark on the south bank of London's River Thames. The Globe was an open air theatre, with three floors and could seat about 3,000 people. Shakespeare was a part owner of the Globe Theatre, and several of his plays were performed there, including *Hamlet*, *As You Like It* and *Macbeth*.

What else can you find out about the Globe Theatre? Is the original theatre still standing or has it been rebuilt? Can you make a model of it or draw a detailed picture?
